INGREDIENTS

Processed grain by-products, roughage products, grain products, molasses products, calcium carbonate, potassium chloride, salt, propionic acid, sulfuric acid, sorbic acid, benzoic acid, ammonium hydroxide, calcium propionate, calcium bentonite, vermiculite, Vitamin A supplement, sodium saccharin, dextrose, natural and artificial flavors, silicon dioxide, basic copper chloride, magnesium oxide, manganese sulfate, zinc sulfate, cobalt sulfate, ethylenediamine dihydriodide, ferrous carbonate, sodium selenite and Vitamin E supplement.

FEEDING DIRECTIONS

Feed free choice to beef cattle. If this product is hand fed, furnish good quality hay free choice. Hi-Pro Pelleted Rapid Start can be used for starting freshly received cattle, creeping or weaning. This highly palatable ration can be used in a growing program for breeding cattle. Introduce to mature cattle slowly to prevent digestive upsets. Provide fresh, clean water at all times. Keep feed fresh in cool, dry storage. DO NOT use feed that is old, molded or insect contaminated.

CAUTION: This feed contains added copper. Do not feed to sheep or other related species.
