Crude Fiber	Maximum	10.0%
Calcium	Minimum	1.5%
Calcium	Maximum	2.0%
Phosphorus.	Minimum.	0.8%
Salt	Minimum	12.0%
Salt	Maximum	14.4%
Potassium.	Minimum	1.0%
Selenium	Minimum	0.1 ppm
Vitamin A	Minimum	25,000 IU/LB

INGREDIENTS

Plant protein products, processed grain by-products, salt, molasses products, urea, calcium carbonate, dried lignin sulfonate, defluorinated phosphate, Vitamin A supplement, zinc sulfate, manganese sulfate, magnesium oxide, ethylenediamine dihydriodide, cobalt sulfate, sodium selenite and ferrous carbonate.

FEEDING DIRECTIONS

Feed free choice with adequate supply of roughage. Allow one block for each five (5) head of cattle or twenty-five (25) head of sheep or goats. Distribute blocks over large enough area to prevent crowding of livestock. Distance from water will help control consumption. Blocks may be strung out from water in the direction livestock are desired to graze. Blocks may be placed in underutilized parts of the pasture. Feed on well-drained ground or in troughs. Always provide plenty of clean, fresh water for drinking. Keep feed fresh in cool, dry storage. DO NOT use feed that is old, molded or insect contaminated.

CAUTION: USE AS DIRECTED.
