Zinc	Minimum	120.0 ppm
Vitamin A	Minimum	5,000 IU/LB

INGREDIENTS

Processed grain by-products, roughage products, molasses products, plant protein products, calcium carbonate, salt, vegetable oil, calcium sulfate, potassium chloride, dextrose, artificial flavor ingredients, silicon dioxide, propylene glycol, vitamin A supplement, zinc sulfate, copper sulfate, manganese sulfate, ethylenediamine dihydriodide, ferrous carbonate, mineral oil, sodium selenite, magnesium oxide, cobalt carbonate, vitamin E supplement and vitamin D supplement.

FEEDING DIRECTIONS

This feed should be used as a supplement to pasture forage for deer and can be fed free choice or in measured amounts to provide protein, energy, minerals and vitamins necessary for growth and development, pregnancy, lactation and antler growth. Feeding amounts will depend on where the deer are in their production cycle, during late pregnancy, lactation and antler growth. Deer may eat 0.75 lbs. to 2.00 lbs. per head per day depending on forage availability and quality.

CAUTION: This feed contains added copper. Do not feed to sheep or other related species.
